

## Don't like the PATH? Check out PathSux

1 month ago | 284 views | 2 | 4 | |

One or more concerned commuters have banded together and created [www.PATHsux.com](http://www.PATHsux.com), which they call "an independent survey of NY/NJ PATH\*train service."

They write, "We have gotten so sick of how lousy the Port Authority PATH train service has gotten over recent years, that we had to do something about it."

Well, it's still cleaner and nicer than the NYC subway system!
