

# The Hoboken Journal

This site is a blog that discusses political, infrastructure, business, social and economic issues on the Hoboken, State, and National levels that affect homeowners, renters, businessmen and women in this town. This journal is part political satire, part serious about the relevant issues that affect the City known as a "Mile Square".

## Website - PATHSUX - Take a survey and let The Port Authority know what you think of the PATH

Many Hobokenites use the PATH system frequently to get to and from NY or Jersey City. There is a new group that has formed and apparently from the title is not happy with the current level of service they are getting from the PATH. This group claims that they are not in anyway affiliated with the PATH or Port Authority.

I for one think that the trains and stations are too hot in the summer and don't run frequently enough on the weekends.

The survey is only 30 short, multiple-choice questions, and shouldn't take longer than 10 minutes to fill out.

And please tell friends, family, neighbors, & co-workers who use the PATH system about [www.PATHSUX.com](http://www.PATHSUX.com) !

Here is the email from the PATHSUX administrator:

Hi,

I recently visited your blog and thought you might be interested in this.

We have gotten so sick of how lousy the NJ PATH train service has gotten over recent years, that we had to do something about it. So some commuters have banded together and created <http://www.pathsux.com/>, an independent survey of NJ PATH train service.

If you are as pissed off with their poor service and crowded trains as we are, please fill it out. It is about 30 questions, and shouldn't take longer than 10 minutes to complete.

And please pass on this info on to friends, family, neighbors, and co-workers who use the PATH system.

It would also be great if you could promote this on your blog via a link, banner, or article. Banners are located here: [www.PATHSUX.com/banners.html](http://www.PATHSUX.com/banners.html)

Thanks from The Administrator
